

Clean Water Compliance Manager™

The *Clean Water Compliance Manager™* course presents water discharge permitting and restrictions in an understandable, structured, and logical format. You will return from this course prepared to effectively address your organization's water permit applications and related compliance challenges.

Learning Objectives

- Understand the water pollution prevention requirements that apply to your organization
- Explore effective strategies for compliance

Intended Audience

- Environmental Professionals who are responsible for wastewater or storm water discharge compliance or general environmental compliance management

Format (*full agenda on website*)

- Modular presentations cover all principle environmental laws and implementing regulations
- Collaborative and comfortable atmosphere, with questions and discussion encouraged
- Regular breaks to allow students to stay in touch with office or attend to personal matters
- Coffee, drinks, and snacks throughout the day

Students Receive

- EH&S background primer sent in advance of course
- Hard copy of all slides and instructional/supporting information in convenient reference binder
- Guidance documents and useful references on a flash drive
- Access to instructors for follow-on questions
